

Basic Skills Coordinators' Monthly Webinar

Kirsten Corbin, Dean, Basic Skills and Special Programs
California Community Colleges Chancellor's Office,
Academic Affairs Division

with

LeBaron Woodyard, Dean of Instructional Programs & Services
California Community Colleges Chancellor's Office,
Academic Affairs Division

and

Donna Cooper, Basic Skills Coordinator, Fresno City College
Central Valley Regional Network (CVRN) Co-Coordinator, 3CSN
President, California Association for Developmental Education (CalADE)

September 9, 2016
12:00 PM – 1:00 PM

Agenda Topics

Meeting ground rules, chat window, questions, meeting feedback survey, etc.

Basic Skills Coordinators Meeting Schedule for 2016-17

BSI Planning & Reporting Reminders

Open Educational Resources: Zero-Cost-Textbook Degrees Grants (LeBaron
Woodyard)

Developing an Open Source Textbook (Donna Cooper)

Future agenda items and presentations

Questions/Next meeting

Meeting Evaluation

Meeting Schedule for 2016-2017

Meetings are the second Friday of the month
except where noted with an asterisk.

All webinars are 12:00-1:00

10/14/2016

3/10/2017

11/18/2016*

4/7/2017*

12/9/2016

5/11/2017*

1/13/2017

6/8* or 9/2017

2/10/2017

Reporting and Planning Reminders

Reporting: Providing an accounting of how your college spent your allocated BSI funds in the previous academic year

Planning: Using your college's process, developing a plan for how your college will spend its allocation for the upcoming (current)

Planning: DON'T SUBMIT!

One year suspension of BSI, SSSP, and Student Equity plans

Continue to plan, using your college processes

Do not send plan to the Chancellor's Office

Plan submission will resume for 2017-18

Reporting: SUBMIT!

- Submit report, due October 17, 2016
- Same reporting form as last year (Excel file)
- Available on the CCCCO basic skills webpage
- You have until June 30, 2018 to spend FY 16/17 funds

QUESTIONS?

Zero-Textbook-Cost Degree Grant Program

LeBaron Woodyard, Ph.D.

Dean

Academic Affairs

Purpose

Created in 2016 in AB 1602 (Higher Education Trailer Bill)

Grants to community college districts for developing and implementing associate degrees and career technical education certificate programs earned entirely by completing courses that eliminate conventional textbook costs by using alternative instructional materials and methodologies.

Purpose

To reduce the overall cost of education for students and decrease the time it takes students to complete degree programs.

Definition of Open Education Resources (OER)

Education Code Section 78052 (b)(4)

“Open educational resources” means high-quality teaching, learning, and research resources that reside in the public domain or have been released pursuant to an intellectual property license that permits their free use and repurposing by others, and may include other resources that are legally available and free of cost to students. Open educational resources include, but are not limited to, full courses, course materials, modules, textbooks, faculty-created content, streaming videos, tests, software, and any other tools, materials, or techniques used to support access to knowledge.

Definition of Zero Textbook Cost Degrees

Education Code Section 78052 (b)(5)

“Zero-textbook-cost degrees” means community college associate degrees or career technical education certificates earned entirely by completing courses that eliminate conventional textbook costs by using alternative instructional materials and methodologies, including open educational resources. Discretionary student printing of instructional materials shall not be considered a cost as part of this program.

Request for Application (RFA)

Grants to colleges to plan and/or implement degrees and/or certificates

Total of \$4,500,000 is available for grants

Grants up to \$200,000

RFA will be released in September

Due date will be in December

Grants can be from 1-2 years in length

Textbook Costs

Each degree developed and implemented within the district must contribute to the overall elimination of textbook costs for students.

Duplication of Degrees

A grant cannot result in the development or implementation of duplicate degrees for a subject matter to avoid duplication of effort and ensure the development and implementation of the greatest number of degrees for the benefit of the greatest number of students.

What each grant must do

Develop and implement a degree from an existing associate degree or develop and implement a new or existing career technical education certificate program, that has high value in the regional market, as a zero-textbook-cost certificate program.

Grant Development

Prioritize the development and implementation of a degree from an existing associate degree for transfer and, to the extent possible, prioritize the adaption of existing open educational resources through existing open educational resources initiatives, or elsewhere, before creating new content.

Grant Development

Develop and implement a minimum of one degree for each grant received.

Ensure faculty shall have flexibility to update and customize degree content as necessary within the parameters of this program.

Ensure that the degree developed and implemented is clearly identified in college catalogs and in class schedules.

Consult with the local academic senate of a college that would implement a degree.

Grant Development

Use a multimember team approach, to develop and implement a degree that includes faculty, college administrators, and other content-focused staff, including, but not limited to, librarians, instructional designers, and technology experts, from the campus that would implement the degree, other colleges of the community college system, and interested campuses of the California State University and the University of California.

Grant recipients may use funds to obtain professional development and technical assistance to assist in the development of degrees.

Grant Development

Develop and implement a degree that other community college districts can use or adapt, and post each degree, and the contents of the degree, on the online clearinghouse of information established pursuant to Item 6870-101-0001 of the Budget Act of 2016, or a successor Internet Web site.

All open educational resources used as learning materials for a degree developed pursuant to this section shall be added to the California Digital Open Source Library established in Section 66408.

Testing and assessment materials posted online pursuant to this paragraph shall be safeguarded to maintain the integrity of those materials.

This shall not be construed to prohibit faculty from providing sample test and assessment materials to students.

Sustainability and ADA

Develop degrees with consideration for sustainability after grant funding is exhausted, including how content is updated and presented.

Ensure compliance with the federal Americans with Disabilities Act (Public Law 104-197) and the federal Copyright Act of 1976 (Public Law 94-553).

Degree Implementation Date

Strive to implement degrees by the first term of the 2018–19 academic year, or sooner.

**Integrating Basic Skills Remediation in
Career Technical Education**
A Community College Resource Guide

How to write/edit an Open Source Book

Research

find people who have done it

ask lots of questions

utilize Creative Commons for information,

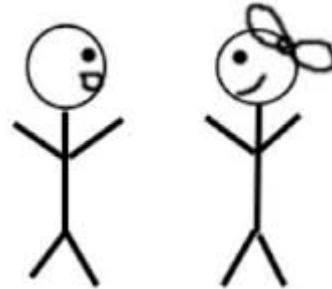

attend workshops and conferences

How To....

Teamwork

this is hard so find some partners to work with you

Hack-a-Thon

sort of like an all night party, but longer.

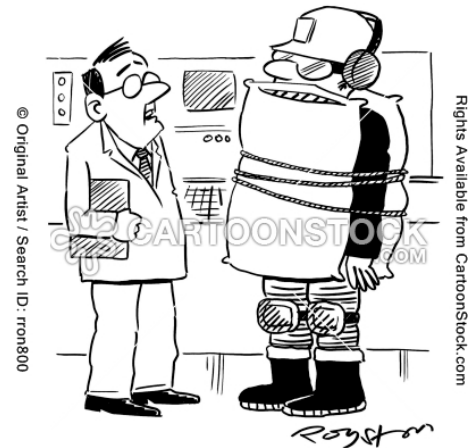

How To.....

Create a Vision

share the vision and encourage creativity

Feedback

ask people's opinions, get input, revise, try again

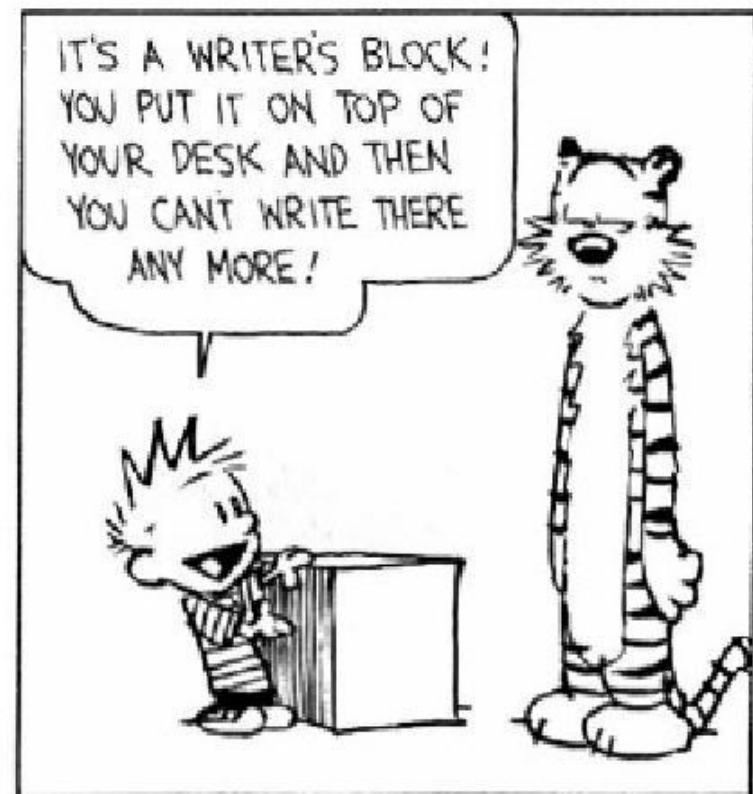

"I think we need to take another look at your risk-management strategy."

How To.....

Never Done

be okay with a work in progress 24/7

Questions?

Future Agenda Items and Presentations

Updates on the Student Success for Basic Skills (aka BSI 2.0)

Revision to the Allocation Formula

Integration of BSI, SSSP, and Student Equity

CAI, OEI, EPI--Updates

Requests? Please email Kirsten: kcorbin@cccoco.edu

Next Meeting/Archives

Next Meeting is October 14, 2016 from 12:00 Noon – 1:00 PM

Same call in and login

Access to previous meeting archives and slides are located at the following URL:
