1. **August 26, 2011 Meeting Summary:**
   The Meeting Summary from the August 26, 2011 meeting was approved as submitted.

2. **Announcements and Updates:**

   **Budget Update**—The monitoring of state revenues to date tends to validate the widely held view that the revenue projections upon which the 2011-2012 state budget was based were overly optimistic. Therefore, the community college mid-year reductions to be triggered by actual state revenues falling below certain levels are quite likely. Enrollment fee revenues are also down, partly because of the large increase in the number of BOG waivers awarded.

   **Legislative Issues**—AB 743, Common Assessment, is among the many bills on the Governor's desk for signature, and the Governor is expected to sign.

**Fall Conference Plans:**

- **CCCAOE Fall Conference**—October 19-21, Westin Hotel at Emerald Plaza, San Diego
  The conference theme is *Analyze, Innovate, Integrate: Revitalizing CTE and Economic Development*. In addition to an Academic Senate Update, there are several curriculum breakout sessions, including one on the effective use of noncredit courses and programs to meet workforce needs.
- **CCCCIO Fall Conference**—October 26-28, Dana on Mission Bay, San Diego.
• ASCCC Fall Plenary Session—November 3-5, Sheraton Hotel and Marina, San Diego.
• ACCE Fall Conference—November 4, North Orange Community College District.

**Title 5 sections 55150, 55151, 55152, 55153 and 55155 (Noncredit)**—The revised regulations have been approved and filed with the Department of Finance.

**AA-T/AS-T Degree Approvals**—The most recent list of approved degrees was reviewed and discussed. It was noted that Senator Padilla is planning further clarifying legislation. Accrediting Commission staff announced at the recent Accreditation Liaison Officers training that colleges need to notify the Commission of approved AA-T and AS-T degrees so that it can be determined if filing a substantive change report is necessary.

**Program and Course Approval Handbook, 4th Edition**—Drafts of Modules 1, 2, and 3 were distributed. (A draft of Module 4 on Apprenticeships will be reviewed at the November SACC meeting.) SACC initiated a review process through which each member will be responsible for reviewing a section and submitting recommended changes to be discussed at the next meeting.

3. **Title 5, Section 55003 Policies for Prerequisites, Corequisites and Advisories on Recommended Preparation:**
   SACC reviewed drafts of Guidelines for title 5, Section 55003 and a related FAQ document. Members provided comments and recommendations at the meeting, and these plus any further input submitted by October 15 will be considered for inclusion in the final documents. It was agreed that there is an immediate need for these documents to be distributed to the field, even though discussions of a revised Model District Policy continue.

4. **Course Repeatability (Title 5 Section 55041)—Next Steps :**
   SACC reviewed and discussed an initial draft proposal on possible title 5 changes to course repeatability scheduled for consideration by the Academic Senate Repeatability Task force on October 3, 2011. The resulting guidelines will then be presented to the Academic Senate Executive Committee and eventually to the full Academic Senate through the Fall Plenary Session resolution process.

5. **Title 5 Course Repetition/Withdrawal Regulations Implementation Plan:**
The new revised regulations are now in effect, but full implementation will actually begin at local colleges in Summer 2012. Chancellor’s Office guidelines are in development, and colleges are urged to develop and implement an education plan for students, since there will be no “grandfathering” for students who have already met or exceeded the limitation to three enrollments in a single course.

6. **Proposal for Statutory and Regulatory Changes Related to the 30-Unit Limit on Remediation:**
   In response to a question from a large district, Chancellor’s Office legal staff have clarified that only students currently enrolled (not all students ever enrolled) in an ESL class are exempted from the limit for that particular semester/session. Since the 30-Unit Limit on Remediation is also addressed in uncodified statute, clarifying the title 5 language would also require legislation.
7. **Local Approval of Stand-Alone Courses:**
As of the meeting date, all but one college in the system had been certified to approve stand-alone courses locally. The Chancellor’s Office continues to collect data for use in preparing the legislative report required for legislation to make local approval permanent or to extend the local approval sunset date. This report is due January 1, 2013.

**Next Meeting:**
November 18, 2011
