Subject: 2015-16 Proposition 39 Allocations

Please find attached the districts' 2015-16 Proposition 39 allocations for energy projects totaling \$32.7 million. The allocations are substantially higher than the \$25.3 million projected for Proposition 39 projects in January 2015. This is great news and will allow for more energy projects on community college campuses in 2015-16.

Most districts will need to revise their Form Bs based on their new, higher Proposition 39 allocation. Our goal is still to release the bulk of the Proposition 39 funds in July and August 2015.

Please work with your utility representative and Newcomb Anderson McCormick (NAM) to revise Form Bs for projects already submitted or to add new projects. The contact information for NAM is as follows:

- Steve Clarke, Southern California - (415) 699-9310
- Lance Kincaid, Northern California - (415) 896-0300
- Matt Sullivan, Principal - (415) 230-8404

Please contact me at syeager@cccco.edu or 916/327-5366 or Hoang Nguyen at hnguyen@cccco.edu or (916) 327-5363 if you have any questions.
