Memorandum

March 4, 2013

To: Chief Business Officers
   Chief Student Services Officers
   Health Services Program Directors
   Financial Aid Officers
   Admissions and Records Officers

From: Frederick E. Harris, Assistant Vice Chancellor
   College Finance and Facilities Planning

Subject: Student Health & Parking Services Fees

Education Code Section 76355 provides the governing board of a community college district the option of increasing the student health services fee by the same percentage as the increase in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services as published by the U.S. Department of Commerce.

Effective January 1, 2012, Education Code Section 76360 provides the governing board of a community college district the option of increasing the parking services fee by the same percentage as the increase in the Implicit Price Deflator for State and Local Government Purchase of Goods and Services.

Whenever that calculation produces an increase of one dollar above the existing fees, both of these fees may be increased by $1.00. At this time the Implicit Price Deflator Index used to calculate increases to these fees did not change enough from last year to produce an increase of one dollar so there will be no change in the student health fee this year; and no increase to the limitation on parking services fees. Specifically for the Student Health Fee, districts may continue to charge a maximum of $19.00 per semester, $16.00 for summer session, $16.00 for each intersession of at least four weeks, or $16.00 for each quarter.

All Student Health Fees collected pursuant to section 76355 shall be deposited in the Student Health Fee Account in the Restricted General Fund of the district. These fees
shall be expended only to provide health services as specified in regulations adopted by the board of governors. Allowable expenditures include health supervision and services, including direct or indirect medical and hospitalization services, or the operation of a student health center or centers, or both. Allowable expenditures exclude athletic-related salaries, services, insurance, insurance deductibles, or any other expense that is not available to all students. No student shall be denied a service supported by student health fee on account of participation in athletic programs.

All parking fees collected pursuant to section 76360 shall be deposited and expended in accordance with the California Community Colleges Budget and Accounting Manual.

If you have any questions about these fees, please contact Michael Yarber at 916.327.6818 or myarber@cccco.edu.
