

# TRUSTEE ELECTION WAIVER AT COMMUNITY COLLEGE DISTRICTS

May 7-8, 2012

## ACTION

Presentation: Steven Bruckman, Executive Vice Chancellor of Operations/General Counsel

## Item 2.1

### Issue

The Board of Governors is asked to review a trustee election waiver request submitted by the following community college districts and to adopt the attached resolution regarding:

El Camino Community College District  
North Orange County Community College District  
Riverside Community College District

### Background

Assembly Bill (AB) 684 (Block) signed by the Governor on October 8, 2011, added sections 72036 and 72036.5 to the Education Code as an urgency measure and authorizes the governing boards of community college districts to change election systems, subject to approval by the Board of Governor of the California Community Colleges. The purpose of the bill was to assist community college districts in complying with the California Voting Rights Act.

AB 684 modifies the process by which the governing board of a community college district may change from at-large trustee elections to election by trustee areas. In establishing trustee areas, the territory of a district would be divided into these trustee areas, and one member of the governing board would be elected from each trustee area. Candidates for election are required to reside in, and be registered to vote in, the trustee area he or she seeks to represent. The governing boards are authorized to set the initial boundaries of each trustee area to reflect the population enumerated in the most recent decennial federal census. This bill does not apply to any community college district that is authorized by statute to provide for its own trustee elections.

Before the enactment of AB 684, districts were required to hold an election to change to trustee areas. This was both costly and time consuming. The Chancellor's Office has set up an electronic application process for districts to apply for the approval by the Board of Governors. Prior to being submitted to the Board of Governors, all applications are reviewed by Legal Affairs Division staff for completeness and timeliness. It is expected that this item will appear on future Board agendas on a regular basis as districts take the necessary steps to change their processes. Board of Governors approval is the final step.

**Analysis**

The applications submitted by El Camino, North Orange County, and Riverside Community College Districts are complete and timely filed for review at this meeting.

**Recommended Action**

The Board of Governors is asked to adopt the following resolutions:
