

2013 Chancellor's Circle Events

Chancellor's Circle brings together business leaders, philanthropists, and Community College leaders to advance the goals of the California Community Colleges. Chancellor's Circle membership provides an opportunity for individuals and businesses to be involved with our Community Colleges in meaningful ways and to make a significant contribution to our students and our state. At the same time, it generates support for important programs and initiatives that allow the Foundation for California Community Colleges to carry out its mission of benefiting, supporting and enhancing the California Community Colleges.

Attendance at Chancellor's Circle luncheons typically includes college CEOs, college foundation leaders, other college administrators, as well as Academic Senate leaders. Statewide leadership in attendance includes leadership from the Foundation, the Community College League of California, and the Academic Senate for California Community Colleges, who all join the Chancellor to provide statewide representative at these gatherings. Members of the Board of Governors are welcome and encouraged to attend any events that are convenient. Attendance at these events allows for networking opportunities with campus-based leadership, as well as corporate partners who support the system.
