ISSUE: In 2005 the Board of Governors of California Community Colleges undertook a system-wide strategic planning process which resulted in the original plan that was approved by the board in 2006.

BACKGROUND: Earlier this year the Board of Governors asked that the system strategic plan be reviewed and if necessary refined. That work was undertaken within the system and included review by the Consultation Council. As part of that work the strategic plan was modified to include the recommendations of the Student Success Task Force. At the November meeting the Board of Governors will receive an update on the implementation of the Student Success Task Force and it is appropriate that they also receive an update of the system strategic plan at the same time.

RECOMMENDATION: This item is presented for information and discussion.
