ISSUE: This item provides an opportunity for members of the public to provide input on the position description for the chancellor search.

BACKGROUND: *Board of Governors invites input on Chancellor Search.*

The Board of Governors and our Chancellor Search Screening Committee invite public input on the position description for the Chancellor.

With more than 2 million students, California Community Colleges form the largest system of higher education in the nation. From programs that ensure our economic vitality through workforce training and education to preparing students for transfer to four-year colleges and universities, along with basic skills education to ensure proficiency in English and mathematics, every Californian has a stake in the successful leadership of the system.

Members of the public are invited to provide input on the 1) challenges and opportunities for a new Chancellor, and 2) ideal characteristics of a Chancellor.

Individuals may address the Board of Governors at the meeting or offer written input.

See attached announcement.
