(b) The Chancellor shall secure Board approval before entering into any contract:

- (1) In excess of \$100,000; or
- (2) Over three years in duration; or
- (3) With respect to consulting services, in excess of \$50,000.

The requirement for Board approval shall apply to any amendment of a contract which results in the original contract exceeding the specified limits, as well as the amendment of a contract where the amendment itself exceeds the specified limits. Under circumstances when the need to contract was not foreseeable, and when delaying approval of the contract until the next Board meeting would jeopardize the contract or frustrate its purpose, the Chancellor shall have the authority to enter into contracts in excess of the limits specified in this subsection. Before entering into such contracts, however, the Chancellor shall consult with the President of the Board.

(c) In securing the approval of contracts by the Board pursuant to subsection (b), the Chancellor shall apply the following procedures:

(1) In determining the nature, extent and need for any such contract, the Chancellor shall provide a summary of the Request for Proposal (RFP), Invitation for Bid (IFB), or other summary of the purpose and need for a contract to the Board of Governors prior to publicly releasing any such RFP or IFB, or prior to making any informal commitment to contract. (2) In developing language for such contracts, the Chancellor shall include a provision which allows any aggrieved bidder on an RFP or IFB to protest the awarding of a contract to the Chancellor. The Chancellor shall inform the Board of any such protests, including the results of such protests. This remedy shall be in addition to the bidder's right to protest the matter to the Department of General Services.

(3) The Chancellor shall ensure that each panel of evaluators who score proposals is made up of staff from more than one division in the Chancellor's Office, including outside evaluators as appropriate; and the Chancellor shall take such other steps as necessary to ensure that evaluations and scoring are objective and fair.

(4) In requesting approval of said contracts, the Chancellor shall, at the time of distributing each regular meeting agenda to the Board of Governors, include a summary of contracts for Board approval. The summary for each contract shall indicate: the purpose of the contract; the amount of the contract; the time for performance of the contract, including whether it was advertised as a multi-year contract; the number of proposals received or whether the contract is a sole source contract; the number of proposals which met the minimum score for cost opening; and the party awarded the contract.

The provisions of subparagraphs (1) through (3) above shall not apply to interagency agreements with other state agencies, and other agreements necessary for the agency to receive public funds.

(d) The authorization contained in subsection (a) includes agreements, leases, contracts, and other documents, including but not limited to: service agreements, insurance agreements, fiscal, budgetary, and personnel documents, travel requests, contracts for the purchase of apparatus, furniture, equipment, supplies and books, as well as contracts entered into as necessary to receive federal funds allocated to the California Community Colleges, all within the limits of fiscal ability and sound budgetary controls and subject to such policies as may be established by the Board. (EC § 70901(b)(5).)

(b) The Chancellor shall secure Board approval before entering into any grant:

- (1) In excess of \$100,000; or

The requirement for Board approval shall apply to any amendment of a grant which results in the original grant exceeding the specified limits, as well as the amendment of a grant where the amendment itself exceeds the specified limits. Under circumstances when the need to enter into a grant was not foreseeable, and when delaying approval of the grant until the next Board meeting would jeopardize the grant or frustrate its purpose, the Chancellor shall have the authority to enter into grants in excess of the limits specified in this subsection. Before entering into such grants, however, the Chancellor shall consult with the President of the Board.

(c) Prior to submitting grants to the Board for approval pursuant to subsection (b), the Chancellor shall either:

The Chancellor shall have the authority to exempt grants described in Subsection (d)(2) or those awarded under the Mathematics, Engineering, and Science Achievement (MESA) program, the Middle College High School program, or the Puente project from the duration limitations imposed by this paragraph.

Retention of the grant shall depend on continued availability of funds and satisfactory performance. At the conclusion of the term, the grant for the ongoing function shall be awarded on a competitive basis.

(i) The procedures specified above shall not apply to grants which are distributed on an allocation formula basis which has been reviewed and approved by the Board of Governors.
