		Information	

**ISSUE:** This item presents contracts and grants to the Board of Governors for approval.

**BACKGROUND:** The Procedures and Standing Orders of the Board of Governors (Sections 318 and 319) require the chancellor to receive board approval before entering into contracts or grants (or amendments of contracts or grants) which are: in excess of \$100,000; or over three years in duration; or with respect to consulting services, in excess of \$50,000.

For each board meeting, staff prepares a summary of all currently proposed contracts and grants that exceed any of the established thresholds. If there are no proposed contracts or grants that exceed the established thresholds, the board will be so informed at its meeting.

**RECOMMENDED ACTION:** It is recommended that the Board of Governors approve entering into the contracts and grants described in the March 2017 agenda.

**ANALYSIS:** This item provides summaries of contracts and grants recommended for board approval. In addition, Standing Order Numbers 318 and 319 which govern board action on contracts and grants are included for reference. Below is an overview of the contracts and grants contained in this item:

- Item 1 is an augmentation to a grant, issued through a competitive process, for the Course Identification Numbering System (C-ID). The purpose of C-ID is to assign an independent number to frequently-articulated transferable courses.
- Item 2 consists of augmentations to grants, issued through a competitive process, for the Middle College High School program. The purpose of these grants is improving academic performance and reducing high school dropout rates.

**Purpose:** California agriculture and natural resources have exceptional diversity that provide critical economic stability to the state. Preparing for changes in the food system that affect consumer choices and production practices, creates a need for investing in the understanding of future economic prosperity and sustainability in agriculture. A partnership with the Food Futures Lab in the Institute for the Future will connect instructors, administrators and students with tools that will identify opportunity areas for work and production in the agriculture industry, and lead to informed change in instruction and training. Projects will identify new strategies for consumer engagement as well as student engagement in one of the state’s leading industries. The California Farm Academy Apprenticeship program, a partnership with the Center for Land Based Learning, is a new, non-traditional program that will be the first of its kind for agriculture in the state. The California Farm Academy Apprenticeship Program will require completion of 3,000 on-the-job training hours, and about 288 hours of related supplemental instruction. Work processes will be developed with farmers who will be employers, ensuring that the tasks are realistic. The CFA Training Program, an intensive 7-month long course on the basics of farming, will make up the first 200 hours of RSI coursework.

5. Identify and provide a rationale for the common metrics and accountability measures that relate to contract education and provide measurable outcomes for this grant.
6. Identify professional development opportunities for the technical assistance provider for contract education, Chancellor's Office staff, and California community college faculty and staff.
7. Attend conferences and extended operations quarterly meetings to interact with sector navigators and deputy sector navigators to stay current with what local, regional, and statewide needs in contract education.

## STANDING ORDERS NOS. 318 AND 319 OF THE BOARD OF GOVERNORS

### 318. Contracts.

(a) Except as provided in subsection (b), whenever the power to contract is invested in the Board, or when, in the judgment of the Chancellor, such contracts are expressly or impliedly authorized to fulfill responsibilities or authorities vested in the Office of the Chancellor, the Chancellor is authorized in the name of the Board of Governors to enter into such contracts.

(b) The Chancellor shall secure Board approval before entering into any contract:

(1) In excess of \$100,000; or

(2) Over three years in duration; or

(3) With respect to consulting services, in excess of \$50,000.

The requirement for Board approval shall apply to any amendment of a contract which results in the original contract exceeding the specified limits, as well as the amendment of a contract where the amendment itself exceeds the specified limits. Under circumstances when the need to contract was not foreseeable, and when delaying approval of the contract until the next Board meeting would jeopardize the contract or frustrate its purpose, the Chancellor shall have the authority to enter into contracts in excess of the limits specified in this subsection. Before entering into such contracts, however, the Chancellor shall consult with the President of the Board.

(c) In securing the approval of contracts by the Board pursuant to subsection (b), the Chancellor shall apply the following procedures:

(1) In determining the nature, extent and need for any such contract, the Chancellor shall provide a summary of the Request for Proposal (RFP), Invitation for Bid (IFB), or other summary of the purpose and need for a contract to the Board of Governors prior to publicly releasing any such RFP or IFB, or prior to making any informal commitment to contract. The Chancellor may proceed with the release of the RFP, IFB, or other contract negotiations, unless the Board President, with or without the advice of any appropriate Board Committee designated by the President, directs the Chancellor to withhold action within a 10 day period from the date the summary is provided.

(2) In developing language for such contracts, the Chancellor shall include a provision which allows any aggrieved bidder on an RFP or IFB to protest the awarding of a contract to the Chancellor. The Chancellor shall inform the Board of any such protests, including the results of such protests. This remedy shall be in addition to the bidder's right to protest the matter to the Department of General Services.

(3) The Chancellor shall ensure that each panel of evaluators who score proposals is made up of staff from more than one division in the Chancellor's Office, including outside evaluators as appropriate; and the Chancellor shall take such other steps as necessary to ensure that evaluations and scoring are objective and fair.

(4) In requesting approval of said contracts, the Chancellor shall, at the time of distributing each regular meeting agenda to the Board of Governors, include a summary of contracts for Board approval. The summary for each contract shall indicate: the purpose of the contract; the amount of the contract; the time for performance of the contract, including whether it was advertised as a multi-year contract; the number of proposals received or whether the contract is a sole source contract; the number of proposals which met the minimum score for cost opening; and the party awarded the contract.

The provisions of subparagraphs (1) through (3) above shall not apply to interagency agreements with other state agencies, and other agreements necessary for the agency to receive public funds.

(d) The authorization contained in subsection (a) includes agreements, leases, contracts, and other documents, including but not limited to: service agreements, insurance agreements, fiscal, budgetary, and personnel documents, travel requests, contracts for the purchase of apparatus, furniture, equipment, supplies and books, as well as contracts entered into as necessary to receive federal funds allocated to the California Community Colleges, all within the limits of fiscal ability and sound budgetary controls and subject to such policies as may be established by the Board. (EC § 70901(b)(5).)

### 319. Grants.

(a) Except as provided in subsection (b), whenever the power to enter into a grant is invested in the Board, or when, in the judgment of the Chancellor, a grant is expressly or impliedly authorized to fulfill responsibilities or authorities vested in the Office of the Chancellor, the Chancellor shall have the authority to enter into such grants.

(b) The Chancellor shall secure Board approval before entering into any grant:

- (1) In excess of \$100,000; or
- (2) Over three years in duration; or

The requirement for Board approval shall apply to any amendment of a grant which results in the original grant exceeding the specified limits, as well as the amendment of a grant where the amendment itself exceeds the specified limits. Under circumstances when the need to enter into a grant was not foreseeable, and when delaying approval of the grant until the next Board meeting would jeopardize the grant or frustrate its purpose, the Chancellor shall have the authority to enter into grants in excess of the limits specified in this subsection. Before entering into such grants, however, the Chancellor shall consult with the President of the Board.

(c) Prior to submitting grants to the Board for approval pursuant to subsection (b), the Chancellor shall either:

- (1) present to the Board for its review and approval an expenditure plan outlining the nature, extent and need for any such grants; or
- (2) provide a summary of the Request for Application (RFA) or other summary of the purpose and need for a grant to the Board of Governors prior to publicly releasing any such RFA or prior to making any informal commitment to award a grant. The Chancellor may proceed with the release of the RFA unless the Board President, with or without the advice of any appropriate Board Committee designated by the President, directs the Chancellor to withhold action within a 10 day period from the date the summary is provided.

(d) All grants awarded by the Board of Governors or the Chancellor on or after January 1, 1996, shall be awarded through competitive processes or through allocation formulas reviewed and approved by the Board of Governors, except that:

- (1) Grants may be awarded competitively within regions.
- (2) Grants for regional or statewide coordination activities for the Extended Opportunity Programs and Services (EOPS), Disabled Students Programs and Services (DSPS), Matriculation, and Economic Development programs need not be competitively bid.
- (3) Where there are conditions beyond the control of the Chancellor which limit competition, such as matching fund requirements or other agencies being required to select

grantees, the Chancellor, in consultation with the President of the Board and the Chairperson of the appropriate committee, shall have authority to award grants without competition.

(e) Panels evaluating or scoring grant proposals will include or be comprised of outside readers as appropriate and will be comprised so as to assure objectivity and prevent conflicts of interest. In the event that outside readers are not used, the evaluation panel shall be comprised of staff from more than one division in the Chancellor's Office. The Chancellor shall ensure that readers are appropriately trained with respect to the process for review of grant applications.

(f) Grants for the performance of functions which are ongoing in nature will be awarded in cycles of between one and five years in length. In advertising a grant for an ongoing function, district personnel will be apprised of the length of the cycle and the funding anticipated to be available for the duration of the project; provided however, that nothing in this Section shall be construed to preclude subsequent adjustment of actual funding levels to reflect unforeseen circumstances. Districts shall be further informed that continuance of the grant will depend on year-to-year funding, and continued satisfactory performance. The Chancellor shall have the authority to exempt grants described in Subsection (d)(2) or those awarded under the Mathematics, Engineering, and Science Achievement (MESA) program, the Middle College High School program, or the Puente project from the duration limitations imposed by this paragraph.

(g) A district which, prior to January 1, 1996, has been awarded a grant on a non-competitive basis for the performance of an ongoing function may continue to be awarded that grant, at the discretion of the Chancellor, for a period of up to three additional fiscal years. Retention of the grant shall depend on continued availability of funds and satisfactory performance. At the conclusion of the term, the grant for the ongoing function shall be awarded on a competitive basis.

(h) To the extent that a grantee contracts with a private or public entity to perform certain parts of the grant, the grantee shall be required to disclose the intended purpose and amount of such subcontracting, shall agree to follow locally applicable competitive bidding processes in doing such subcontracting, and shall agree to name the subcontractors chosen.

(i) The procedures specified above shall not apply to grants which are distributed on an allocation formula basis which has been reviewed and approved by the Board of Governors.
