Title: Curriculum Inventory Version 2 (CIV2)

Date: October 18, 2012

Contact: Barry A. Russell, Vice Chancellor, Academic Affairs

Issue

There will be a demonstration of the newly released Curriculum Inventory Version 2 (CIV2) as well as a discussion of the current and future releases of the Program and Course Approval Handbook.

Background

The Chancellor’s Office has oversight responsibility for curriculum (courses and programs) for all the districts and colleges. This has been done over the years in a variety of paper and electronic formats. Recently, the Chancellor’s Office developed a new totally online program that will streamline the submission process and allows for more efficient use of staff time and office resources.

The Chancellor’s Office staff works closely with several advisory groups to gain insight into the needs of the field and matches that with the requirements of Title 5, the California Education Code, and examples of best practices. With this input, the appropriate processes have been digitized to provide for the effective oversight.
