(b) It is the intent of the Board of Governors of the California Community Colleges to provide priority registration for students who enroll in a community college for the purpose of degree or certificate attainment, transfer to a four-year college or university, or career advancement.

(c) Registration priority, in the order of priority listed below, shall be provided to students:

(3) who are continuing students not on academic or progress probation for two consecutive terms as defined in section 55031 and first time students who have completed orientation, assessment, and developed student education plans.

(d) Districts are not required to apply the registration priorities identified in subdivisions (c)(2) and (c)(3) of this section for courses offered during summer or intersessions.

(e) A district may provide students identified in subdivision (c)(1) or (c)(2) of this section with the same level of registration priority as long as a district ensures students identified in (c)(1) receive registration priority as required by Education Code sections 66025.8 and 66025.9.

(f) To the extent districts have the capacity and resources to require orientation, assessment, and education plans for continuing students, districts may establish orientation, assessment and education plans or any combination thereof as a condition for registration priority.

(g) Within the state registration priorities identified in subdivision (c) of this section, districts may establish the relative order of priority for additional subcategories of

students within each of the three levels. Similarly situated students in the groups specified in subdivisions (c)(1) and (c)(2), respectively, shall be granted equal priority.

(h) Districts may establish additional registration priorities for students with priority lower than student groups covered by subdivision (c) of this section.

(i) Registration priority specified in subdivision (c) of this section shall be lost at the first registration opportunity after a student:

(1) is placed on academic or progress probation or any combination thereof as defined in section 55031 for two consecutive terms; or

(2) has earned one hundred (100) or more degree-applicable semester or quarter equivalent units at the district.

(C) Districts may set the unit limit lower than 100 units and may consider units from other higher education institutions.

(E) Districts may exempt from the 100-unit limit units earned through credit by examination, advanced placement, International Baccalaureate, or other similar programs.

(j) Beginning in the spring 2013 term, districts shall notify students who are placed on academic or progress probation, or who have earned 75 percent or more of the unit limit, of the potential for loss of enrollment priority. The district shall notify the student that a second consecutive term on academic or progress probation will result in the loss of priority registration until the student is no longer on probation or that enrollment priority will be lost when the student reaches the unit limit.

(k) Except as otherwise provided by state law, no student shall be required to confer or consult with or be required to receive permission to enroll in any class from any person other than those employed by the college in the district.

(l) Students will not be required to participate in any preregistration activity not uniformly required; nor shall the college or district allow anyone to place or enforce nonacademic requisites that are not expressly authorized in this chapter or in state law as barriers to enrollment in or the successful completion of a class.

~~No registration procedures shall be used that result in restricting enrollment to a specialized clientele.~~

~~The following registration procedures are permissible: special registration assistance to the handicapped or disadvantaged student as defined by statute, for the purpose of providing equalization of educational opportunity; and enrollment of students in accordance with a priority system established pursuant to legal authority by the local board of trustees.~~

(m) With respect to accessibility to off-campus sites and facilities, no student is to be required to make any special effort not required of all students to register in any class or

course section. Once enrolled in the class, all students must have equal access to the site.

(n) Each community college district shall establish written procedures by which a student may appeal the loss of priority enrollment status due to extenuating circumstances, or where a student with a disability applied for, but did not receive reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the control of the student. Districts may allow students who have demonstrated significant academic improvement to appeal the loss of priority enrollment status. Significant academic improvement is defined as achieving no less than the minimum grade point average and progress standard established in section 55031 for the term or terms.

(o) Districts shall ensure that the requirements of this section are adopted in local board policies and fully operational for registration for fall 2014 courses. Districts shall ensure that all policies and course catalogs reflect the requirements of this section and that appropriate and timely notice is provided to students.
