BOARD OF GOVERNORS OF THE CALIFORNIA COMMUNITY COLLEGES ANNUAL REPORT TO CHANCELLOR

SECTION BY SECTION ANALYSIS OF PROPOSED CHANGES TO SECTIONS 55800

§ 55800

The proposed amendment of the California Code of Regulations, title 5, section 55800 Annual Report to Chancellor provision will change the Annual Library Data Survey (ALDS) due date, which reports on the condition of the California Community College District libraries. This change will allow the California Community College Library and Learning Resources Program (LLRP) community a sufficient amount of time to gather, input and submit their library data to the Chancellor. The proposed due date change from August 31 to October 31 for completion of the ALDS is better suited for the Library communities academic year calendar.
