An act to amend Sections 76300, 78210, 78211, 78211.5, 78212, 78213, 78214, 78215, 78216, and 78218 of, and to repeal Section 78212.5 of, the Education Code, relating to community colleges.

LEGISLATIVE COUNSEL'S DIGEST

(1) Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state.

Existing law requires community college district governing boards to charge students an enrollment fee of $46 per unit per semester, effective with the summer term of the 2012 calendar year. Existing law also authorizes the board of governors to waive this fee under certain circumstances related to the income status of the student.

This bill would further require that a student qualifying for a fee waiver meet academic and progress standards determined by the board of governors.

(2) Existing law, known as the Seymour-Campbell Matriculation Act of 1986, defines “matriculation” as a process that brings a college
and a student who enrolls for credit into an agreement for the purpose of realizing the student’s educational objectives. The act specifies the matriculation services that community colleges are required to provide, including the processing of the application for admission, orientation and preorientation services, assessment and counseling upon enrollment, and postenrollment evaluation of a student’s progress.

This bill would revise and recast the act, and rename it the Seymour-Campbell Student Success Act of 2012. The act would state its purpose as increasing California community college access and success by providing effective core matriculation services of orientation, assessment and placement, counseling and education planning, and academic interventions. The bill would specify the responsibilities of students and institutions in entering into the matriculation process.

The bill would require the board of governors to develop a formula for allocating funding for the Student Success and Support Program that would be implemented under the act. The bill would specify that, in the 2012–13 fiscal year and each fiscal year thereafter, the act would be operative only if funds are specifically appropriated for its purposes.

To the extent that the bill would impose new duties on community college districts, it would constitute a state-mandated local program.

(3) The bill would require the Legislative Analyst’s Office to review and report specified information regarding the Seymour-Campbell Student Success Act of 2012 to the appropriate policy and fiscal committees of the Legislature by July 1, 2014, as specified.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares all of the following:
2 (a) Senate Bill 1143 of Chapter 401 of the Statutes of 2010
3 directed the Board of Governors of the California Community
Colleges to establish the Student Success Task Force, charged
with developing a plan for improving community college student
success rates. In response, the board of governors established a
20-member Student Success Task Force, composed of community
college students, faculty, staff, chief executive officers, researchers,
and external stakeholders. After a year of study and deliberation,
the task force issued a comprehensive report recommending to the
board of governors a plan to achieve significant gains in student
completion rates, while also preserving the California Community
Colleges’ historic commitment to broad access and equity.

(b) In January 2012, the board of governors adopted the 22
recommendations put forth by the Student Success Task Force.
This action marked the board of governor’s commitment to launch
a major systemwide student success initiative. The initiative focuses
on helping students to identify educational goals and develop an
informed plan to achieve their educational objectives in the areas
of transfer, basic skills attainment, and career technical education.
The recommendations also outline strategies to provide students
with improved support and institutional structures to help them
succeed.

(c) The board of governor’s student success initiative will be
implemented through a variety of mechanisms, including state law;
board regulations, budget provisions, state administrative policy,
and local best practices. Together, implementation of these
recommendations will help improve student success rates at
community colleges across the state.

(d) Achieving significant gains in student completion rates will
require improvements and expansions in the programs and services
the community colleges provide to students. In part, these
improvements can be accomplished through the use and
re prioritization of existing resources. However, a full-scale
implementation of the student success initiative will require greater
state investment in the Student Success and Support Program, as
well as community colleges’ overall ability to promote student
success by investing in counselors, advisors, and technology tools
needed to assist students; increasing categorical funding for
student support services; hiring more full-time faculty; and
increasing support for part-time faculty.

(e) The Seymour-Campbell Student Success Act of 2012
implements two of the 22 recommendations that provide an initial,
critical foundation for enhancing student completion and promoting student behaviors that lead to success.

SECTION 1.

SEC. 2. Section 76300 of the Education Code, as amended by Section 4 of Chapter 15 of the First Extraordinary Session of the Statutes of 2011, is amended to read:

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) (1) The fee prescribed by this section shall be forty-six dollars ($46) per unit per semester, effective with the summer term of the 2012 calendar year.

(2) The board of governors shall proportionately adjust the amount of the fee for term lengths based upon a quarter system, and also shall proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the board of governors may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts pursuant to Section 84750.5, the board of governors shall subtract, from the total revenue owed to each district, 98 percent of the revenues received by districts from charging a fee pursuant to this section.

(d) The board of governors shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84757.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(3) Students enrolled in credit contract education courses pursuant to Section 78021, if the entire cost of the course, including administrative costs, is paid by the public or private agency, corporation, or association with which the district is contracting.
and if these students are not included in the calculation of the
full-time equivalent students (FTES) of that district.

(f) The governing board of a community college district may
exempt special part-time students admitted pursuant to Section
76001 from the fee requirement.

(g) (1) The fee requirements of this section shall be waived for
any student who meets all of the following requirements:

subparagraph (A) of paragraph (1), including consideration of
minimum uniform academic performance and progress, criteria
for reviewing extenuating circumstances and granting appeals, and
a process for reestablishing fee waiver eligibility. To ensure that
students are not unfairly impacted by the requirements of paragraph
(1), the board of governors shall establish a reasonable
implementation period that is phased in to provide students
adequate notification of this requirement and information about
available support resources.

(3) It is the intent of the Legislature that academic and progress
standards defined pursuant to paragraph (1) be implemented only
as campuses develop and implement the student support services
and interventions necessary to ensure no disproportionate impact
to students based on ethnicity, gender, or socioeconomic status.

(h) The fee requirements of this section shall be waived for any
student who, at the time of enrollment, is a dependent or surviving
spouse who has not remarried, of any member of the California
National Guard who, in the line of duty and while in the active
service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. “Active service of the state,” for the purposes of this subdivision, refers to a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(2) The individual killed in the attacks was a resident of California on September 11, 2001.

(k) A determination of whether a person is a resident of California on September 11, 2001, for purposes of subdivision (j) shall be based on the criteria set forth in Chapter 1 (commencing with Section 68000) of Part 41 of Division 5 for determining nonresident and resident tuition.

(l) (1) “Dependent,” for purposes of subdivision (j), is a person who, because of his or her relationship to an individual killed as a result of injuries sustained during the terrorist attacks of September 11, 2001, qualifies for compensation under the federal September 11th Victim Compensation Fund of 2001 (Title IV (commencing with Section 401) of Public Law 107-42).

(2) From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 2 percent of the fees waived pursuant to subdivisions (g) to (j), inclusive. From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to ninety-one cents ($0.91) per credit unit waived pursuant to subdivisions (g) to (j), inclusive. It is the intent of the Legislature that funds provided pursuant to this subdivision be used to support the determination of financial need and delivery of student financial aid services, on the basis of the number of students for whom fees are waived. It also is the intent of the Legislature that the funds provided pursuant to this subdivision directly offset mandated costs claimed by community college districts pursuant to Commission on State Mandates consolidated Test Claims 99-TC-13 (Enrollment Fee Collection) and 00-TC-15 (Enrollment Fee Waivers). Funds allocated to a community college district for determination of financial need and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1992–93 fiscal year.

(n) The board of governors shall adopt regulations implementing this section.

The board of governors may waive this requirement as to any assessment instrument pending evaluation.  
(b) The board of governors shall review all assessment instruments to ensure that they meet all of the following requirements:

(c) It is the intent of the Legislature that these policies and processes be developed and implemented only as resources are provided and utilized by community college campuses to provide the student support services, individual counseling; and advising, and technology-based strategies necessary to ensure that students can successfully meet the requirements of this section.

SEC. 10.

SEC. 11. Section 78216 of the Education Code is amended to read:
