Reporting Methods

Schools report GE Data to NSLDS using one of the following methods -

• Online
  • GE Add
  • GE Submittal Spreadsheet

• Batch
  • Fixed-Width
  • Comma Separated Values (CSV)
Basics of Reporting – Online Add

- GE Submittal Spreadsheet Upload
- GE Batch File
- GE Online Add

via NSLDS online

via SAIG
Basics of Reporting – Online Add

Online Add

- One record per student added at a time
- All data submitted via the NSLDS screen
How and Why – Online Add

- Recommended method for schools with smaller number of records
- Data can be gathered manually and is keyed in rather than loaded electronically
- Errors are presented to the user in real time for correction

Case Study
Understanding the Case Study

- Case Studies are examples:
  - DO: Explain how to report successfully using different methods
  - DON’T: Represent the only method of reporting for a particular situation

- GE Submittal Spreadsheet, Online Add and Batch submittal files can ALL be used for submitting ALL data represented in these Case Studies
James started his Auto Mechanics GE Program course on May 15, 2008 and finished it on June 20, 2009, without taking any time off. So he was enrolled in the program in Award Year 2007-2008, and Award Year 2008-2009.
