55500. Scope and Intent.
   (a) This chapter implements and should be read in conjunction with the provisions of the Seymour-Campbell Student Success Act of 2012, codified as Education Code sections 78210, et seq., which recognizes that student success is the responsibility of the institution and student, supported by well-coordinated and evidence based student and instructional services to foster academic success. The purpose of this subchapter is to implement the Student Success and Support Program to increase California community college student access and success through the provision of core matriculation services, including orientation, assessment and placement, counseling, advising, and other education planning services, with the goal of providing students with the support services necessary to assist them in achieving their education goal and identified course of study.

Appendix B

55502. Definitions.
For purposes of this subchapter, the following definitions shall apply:

(a) “Assessment for placement” hereinafter referred to as “assessment” is the process of gathering information about individual students in order to identify their skill level and appropriately direct them to courses for which they are prepared. Information used in the assessment process may include, but is not limited to, information regarding the student’s study skills, English language proficiency, computational skills, aptitudes, goals, learning skills, career aspirations, academic performance, and need for special services. Assessment involves the collection of such information for purposes of course placement.

(b) “Assessment test” is a validated, standardized, or locally-developed test used in addition to other measures in the course placement process.

(c) “Career Goal” is the student’s stated occupational interest upon application and is periodically updated during the student’s continued enrollment at the college.

(d) “Course of Study” is the student’s chosen educational program; major or area of emphasis; or course sequence for transfer preparation, career preparation or advancement, completion of basic skills, or English as a Second Language proficiency to achieve the student’s education goal.

(e) “Disproportionate impact” in broad terms is a condition where access to key resources and supports or academic success may be hampered by inequitable practices, policies, and approaches to student support or instructional practices affecting a specific group. For the purpose of assessment, disproportionate impact is when the percentage of persons from a particular racial, ethnic, gender, age, or disability group, who are directed to a particular service or course placement based on an assessment test or other measure is significantly different from the representation of that group in the population of persons being assessed, and that discrepancy is not justified by empirical evidence demonstrating that the assessment test or other measure is a valid and reliable predictor of performance in the relevant educational setting.

(f) “Education goal” is the student’s stated intent to earn a degree or career technical education certificate, prepare for transfer to a four-year college or university, improve math or English basic skills or English language proficiency, or pursue career advancement or occupational training or retraining, or other educational interest. The education goal is initially identified during the application process and updated throughout the student’s academic career at the college during subsequent course registration or education planning processes.

(g) “Exemption” is a waiver or deferral of a student’s participation in orientation, assessment, and/or counseling, advising, and other education planning services required pursuant to section 55520.

(h) “Matriculation” is a process that brings a college and a student into an agreement for the purpose of achieving the student’s education goals and completing the student’s course of study.
(i) “Multiple measures” are a required component of a district’s assessment system and refer to the use of more than one assessment measure in order to assess the student. Other measures that may comprise multiple measures include, but are not limited to, interviews, holistic scoring processes, attitude surveys, vocational or career aptitude and interest inventories, high school or college transcripts, specialized certificates or licenses, education and employment histories, and military training and experience.

(j) “Orientation” is a process that acquaints students and potential students with, at a minimum, college programs, student support services, facilities and grounds, academic expectations, institutional procedures, and other appropriate information pursuant to section 55521.

(k) “Student Success and Support Program Services” are those services listed in section 55520.

(c) Community college districts that receive Student Success and Support Program funding shall agree to implement the Board of Governors’ system of common assessment, if using a standardized assessment test for placement, and implement the Board of Governors’ Accountability Scorecard, pursuant to Education Code section 84754.5.

When using an English, mathematics, or ESL assessment test for placement, it must be used with one or more other measures to comprise multiple measures.

(1) Districts and colleges are required to use the Chancellor’s guidelines for the validation of all assessment tests used for placement to ensure that they minimize or eliminate
cultural or linguistic bias and are being used in a valid manner. Based on this evaluation, the
district or college shall determine whether any assessment test, method, or procedure has a
disproportionate impact on particular groups of students, as defined by the Chancellor. When
there is a disproportionate impact on any such group of students, the district or college shall, in
consultation with the Chancellor, develop and implement a plan setting forth the steps the
district will take to correct the disproportionate impact.

(2) The Chancellor may identify other measures of a student’s college readiness that
community college districts may use for student placement into the college’s curriculum.

(b) Each community college district shall adopt procedures that are clearly communicated
to students, regarding the college’s sample test preparation, how the student test results will
be used to inform placement decisions, and the district’s limits on the student’s ability to re-
test.

(c) Community college districts shall not, except as provided in subdivision (d), do any of
the following:

(1) use an assessment test for placement which has not been approved by the
Chancellor pursuant to section 55522, except that the Chancellor may permit limited field-

under Education Code section 76002 based on an assessment which involves multiple measures
and complies with other requirements of this subchapter; or

effect of subjecting any person to unlawful discrimination prohibited by subchapter 5
(commencing with section 59300) of chapter 10.

(d) Notwithstanding the provisions of subdivision (c)(1) and (2), assessment tests approved
by the Secretary of the United States Department of Education may be used to determine
“ability to benefit” in the process of establishing a student’s eligibility for federal financial aid
pursuant to title 20 United States Code section 1091(d).

(e) Notwithstanding paragraphs (1), (2), (3) or (5) of subdivision (c) or the provisions of
sections 55003 or 55522, a community college district may use an assessment test to select
students for its nursing program, provided that:

(1) the district complies with all other provisions of this subchapter;

(2) the assessment test or other measures are used in conjunction with other
assessment test, methods, or procedures to select students for enrollment in the nursing
program; and

(3) the Chancellor has determined that the assessment test predicts likelihood of
success in nursing programs, has approved use of the assessment test for that purpose and has
established statewide proficiency cut-off scores for that test pursuant to Education Code
section 78261.
55523. Counseling Advising, and Other Education Planning Services.

(a) Counseling, advising, and other education planning services shall include, but are not necessarily limited to, the following:

(2) The provision of information, guided by sound counseling principles and practices, using a broad array of delivery, including technology-based strategies, to serve a continuum of student needs and abilities to enable students to make informed choices.

(3) Development of an education plan to accomplish a course of study related to a student's education and career goals.

(b) Each college shall make reasonable efforts to do all of the following:

(1) ensure that all nonexempt students who are on academic or progress probation or facing dismissal participate in counseling as provided in section 55023;

(2) ensure that all nonexempt students who do not have a course of study participate in counseling, advising, or other education planning services to assist them in the process of selecting an education goal and course of study pursuant to section 55530;

(3) ensure that all nonexempt students who are enrolled in nondegree-applicable basic skills courses participate in counseling, advising, or other education planning services; and

(c) Colleges are required to notify students who are at risk of losing Board of Governors Fee Waiver eligibility due to being placed on academic or progress probation for two consecutive terms. Pursuant to section 58108, colleges are required to notify students who are at risk of losing enrollment priority due to being placed on academic or progress probation or due to exceeding a unit limit. Colleges shall ensure that, within a reasonable time of receiving such notice, students shall have the opportunity to receive appropriate counseling, advising, or other education planning services in order to provide students with an opportunity to maintain fee waiver eligibility and enrollment priority.

55524. Student Education Plan.

(a) Each district or college shall establish a process that takes into consideration the student services and instructional resources available for assisting students to select an education goal and course of study within a reasonable time after admission as required by
section 55530 (d). This shall include, but not be limited to, the provision of counseling as required by section 55523.

(b) Districts or colleges shall provide students with an opportunity to develop student education plans that are either:

1. Abbreviated. Abbreviated student education plans are one to two terms in length designed to meet the immediate needs of students for whom a comprehensive plan is not appropriate; or

2. Comprehensive. Comprehensive student education plans take into account a student's interests, skills, career and education goals, major, potential transfer institutions, and the steps the student needs to take on their educational path to complete their identified course of study. The comprehensive plan helps the student achieve their course of study. The comprehensive plan includes, but is not limited to, addressing the education goal and course of study requirements, such as the requirements for the major, transfer, certificate, program, applicable course prerequisites or co-requisites, the need for basic skills, assessment for placement results, and the need for referral to other support and instructional services as appropriate. The comprehensive student education plan is tailored to meet the individual needs and interests of the student and may include other elements to satisfy participation requirements for programs such as EOPS, DSPS, CalWORKs, veterans education benefits, athletics, and others.

(c) Once a continuing nonexempt student has selected an education goal and course of study, the district shall make a reasonable effort to afford the student the opportunity to develop a comprehensive student education plan describing the responsibilities of the student, the requirements he or she must meet, and the courses, programs, and services required and available to achieve the stated goal.

(d) The student education plan developed pursuant to subdivision (b) shall be accessible, timely, and recorded in electronic form. The plan and its implementation shall be reviewed as necessary to ensure that it continues to accurately reflect the needs and goals of the student. Districts or colleges shall make a reasonable effort to not duplicate education planning processes including for students participating in special programs.

(e) If a student believes the district or college has failed to make good faith efforts to develop a plan, has failed to provide programs and services specified in the student education plan, or has otherwise violated the requirements of this section, the student may file a complaint pursuant to section 55534(a).

55525. Student Follow-up.
Each college shall evaluate the academic progress of, and provide support services to, at risk students. The college shall monitor the academic progress of each student to detect early signs of academic difficulty and provide students with advice or referral to specialized services or curriculum offerings where necessary pursuant to section 55523. Follow-up services shall be targeted to at risk students, specifically students enrolled in basic skills courses, students who have not identified an education goal and course of study, or students who are on academic or
progress probation or facing dismissal. These services include, but are not limited to, academic or progress probation interventions, academic early alert systems, and referral to other support services.

55526. Accommodations.

(a) Student Success and Support Program services for students with disabilities shall be appropriate to their needs, and colleges shall, where necessary, make modifications to the services provided or use alternative tests, methods, or procedures to accommodate the needs of such students. Colleges may require students requesting such accommodations to provide proof of need. Disabled Students Programs and Services (DSPS) is authorized, consistent with the provisions of subchapter 1 (commencing with section 56000), to provide specialized services and modified or alternative services as identified in 55520. Notwithstanding this authorization, participation in the DSPS programs is voluntary and no student may be denied necessary accommodations in the assessment process because he or she chooses not to use specialized services provided by these programs.

(b) Student Success and Support Program services for students served by the Extended Opportunity Programs and Services (EOPS) who are disadvantaged by economic, social, and educational status shall be appropriate to their needs, and colleges shall, where necessary, make modifications to the services provided or use alternative supports to meet the needs of such students. EOPS is authorized, consistent with the provisions of subchapter 2.5 (commencing with section 56200) of chapter 7 to provide services that are over, above, and in addition to services otherwise provided to all credit-enrolled students. Notwithstanding this authorization, participation in the EOPS program is voluntary and no student may be denied necessary supports because he or she chooses to not use specialized services provided by this program.

(c) Colleges shall ensure that Student Success and Support Program services are accessible for English language learners and are appropriate to their needs. Colleges shall, where necessary, make modifications to the services provided to accommodate the needs of such students. Modified or alternative services for limited or non-English-speaking students may be provided in English as a Second Language programs.

registration or loss of registration priority pursuant to section 58108 until the services have
been completed.

(f) Information obtained from the matriculation process shall be considered student
records and shall be subject to the requirements of subchapter 6 (commencing with section
54600) of chapter 5.

the provisions of section 55530, Student Rights and Responsibilities. Colleges shall take steps to
ensure that information regarding its matriculation policies are accessible and available to all
students during or prior to enrollment (e.g., during orientation) and are included in class
schedules, catalogs, or other appropriate communications describing student rights and
responsibilities under this subchapter.

(b) Once the student has identified a course of study and completed 15 semester units or

education plan developed pursuant to section 55524.

(c) Colleges are required to provide nonexempt students with the services specified in
sections 55520, 55521, 55522, 55523, and 55524. Initial implementation of these services is
required for first time students identified in section 55530(b) by the fall 2015 term. Beginning with the spring 2015 term, districts shall notify students of the requirements established by this subchapter.

(d) Districts may establish a policy providing that a nonexempt student will have a hold placed on registration or lose registration priority pursuant to section 58108 if a student fails to fulfill the responsibilities set forth in section 55530(b) and (c).

(e) Districts and colleges shall make reasonable efforts to avoid duplication of the orientation, assessment, counseling, advising, or other education planning services, and development of student education plans funded through this subchapter or funded through other programs.

(f) It is the intent of this subchapter that instructional and student services departments at each college shall use multiple sources of data from student education planning efforts and identified courses of study to coordinate course scheduling.

55532. Exemptions.

(a) Community college districts may elect to exempt certain students from participation in orientation, assessment, counseling, advising, or student education plan development, as required by subdivisions (a), (b), (c), or (d) of section 55520. Each district shall establish policies specifying the grounds for exemption. Such policies shall be identified in the Student Success and Support Program plan required under section 55510 and the number of students so exempted shall be reported, by category, to the Chancellor pursuant to section 55511.

(b) Districts may adopt policies that exempt a student from orientation, assessment, counseling, advising, or student education plan if the student:

(1) has completed an associate degree or higher;

(2) has enrolled at the college for a reason other than career development or advancement, transfer, attainment of a degree or certificate of achievement, or completion of a basic skills or English as a Second Language course sequence;

(3) has completed these services at another community college within a time period identified by the district;

(c) Any student exempt from orientation, assessment, counseling, advising, or student education plan development shall be notified and may be given the opportunity to participate in those services.

(d) District policies shall not exempt a student solely because a student has not selected an education and career goal or course of study.
55534. Violations and Appeals.
   (a) Each community college district shall establish written procedures by which students
       may challenge any alleged violation of the provisions of this subchapter. Districts shall
       investigate and attempt to resolve any such challenges and complaints in a timely manner.
       Procedures may be consolidated with existing student grievance procedures by action of the
       governing board. Records of all such complaints shall be retained for at least three years after
       the complaint has been resolved or longer if necessary to meet other requirements and shall be
       subject to review by the Chancellor as part of the statewide evaluation required under section
       55511.

   (b) When a challenge contains an allegation that a community college district has violated
       the provisions of section 55522(c), the district shall, upon completion of the challenge
       procedure established pursuant to this section, advise the student that he or she may file a
       formal complaint of unlawful discrimination pursuant to subchapter 5 (commencing with
       section 59300) of chapter 10. Completion of the challenge procedure shall be deemed to be an
       effort at informal resolution of the complaint under section 59327.
