Vice Chancellor, Educational Services

SUBJECT: Student Equity Advance Allocation for Fiscal Year 2017-18

The Chancellor's Office has completed the calculations for the Fiscal Year (FY) 2017-18 Student Equity Advance Apportionment allocations (attached). Allocations were calculated at 80 percent of FY 2016-17 P1 funding levels. Allocations based on prior year data are generally calculated during the fall. Once the allocation calculations are made, you will be notified in a separate memo.

Colleges and districts now have two full years to expend their Student Equity allocations. Thus, colleges will have until June 30, 2019, to spend funds allocated for the 2017-2018 academic year. Additionally, revised expenditure guidelines were released in February of 2017 offering institutions the flexibility to determine which activities and associated expenditures best allow completion of the goals articulated in the Chancellor's Office Vision for Success. For specific guidance on the allowable use of funds, please refer to the [Revised Expenditure Guidelines](#).

Please contact David Lawrence, Student Success and Equity Specialist at dlawrence@ccco.edu, should you need further information.
