This element indicates the cumulative total of earned degree applicable units at the reporting college. This is the student's cumulative total over as many terms as the student has been in attendance at the reporting college, including the current term being reported.

The sum of the values in data elements SB16 and SB17 are used to establish the student's academic level at the reporting college.

Coding

This is a numeric field with six digits, four before and two after the implied decimal point (accurate to the hundredths.) The decimal point itself must not be included in the field.

Reporting colleges on the quarter system are expected to report all unit fields (SB16-SB19) as quarter-based units.

Refer to Appendix J for a discussion on the distinction between Earned and Attempted Units.
