(16) Workforce and Economic Development Division
Reason for Board Approval: Exceeds $100,000
Type of Agreement: Interagency Agreement (WEDD/Senate Bill 858, formerly Senate Bill 1070/Outgoing funds)

Contractor or Grantee: California Department of Education
Contract or Grant No: C16-0054
Term: July 1, 2016 – June 30, 2017
Total Project Length: Three years (36 months)
Project Year: Year One
Amount of Agreement: $15,360,000
Bid Process: Exempt for Interagency Agreements

Purpose: The purpose of the Interagency Agreement is to allocate funds to the California Department of Education to administer programs as prescribed in Senate Bill 825, Schedule 16, Item 13(c). The legislation requires that the California Community Colleges Chancellor’s Office and the California Department of Education jointly plan projects that meet the objectives of the Career Technical Education Pathways Program, Education Code Section 88530 through 88540. These funds were reauthorized in 2012, and $48,000,000 is annually allocated to the Chancellor’s Office. The Chancellor’s Office transfers $15,360,000 to the California Department of Education to administer programs to K-12 districts, and the remainder of $32,640,000 is administered by California Community Colleges Chancellor’s Office to support pathway projects at the community colleges.

The funding that is allocated to the California Department of Education supports the following goals of the legislation:

- Increase career exploration for middle school and high school students by improving linkages between industry and education through the application of classroom learning in real-world settings (e.g., as interns and apprentices);
• Create seamless pathways for students in career technical education by aligning K-12 career technical education, including Regional Occupational Centers and Programs, with California’s community colleges and four-year institutions; and
• Promote programs and partnerships with business and industry that build career technical education capacity and improve career technical education delivery across school and college settings.

Projected Funding for Subsequent Years: Continued funding is dependent upon available 2016-17 funds and subsequent approval of annual expenditure plan from the Department of Finance.

(17) Workforce and Economic Development Division
Reason for Board Approval: Exceeds $100,000
Type of Agreement: Contract (Interagency Agreement/Incoming funds)
Contractor: California Department of Education
Contract No.: 16-REC-01
Term: July 1, 2016 – June 30, 2017
Total Project Length: One year
Amount of Agreement: To be determined by federal actions
Bid Process: Exempt for Interagency Agreements
Purpose: The purpose of the interagency agreement with the California Department of Education is to support local assistance of the career technical education program. These funds are used by the field to provide professional development opportunities to faculty, to create advisory councils, to develop regional consortia, and to design and share strategies that support the objectives of the Carl D. Perkins Career Technical Education Act.

(18) Workforce and Economic Development Division
Reason for Board Approval: Exceeds $100,000
Type of Agreement: Contract (Interagency Agreement/Incoming Funds)
Contractor: California Department of Education
Contract No.: 16-REC-02
Term: July 1, 2016 — June 30, 2017
Total Project Length: One year
Amount of Agreement: To be determined by federal actions
Bid Process: Exempt for Interagency Agreements
Purpose: The purpose of the interagency agreement with the California Department of Education is to support agency administration of the Carl D. Perkins Career Technical Education Act. These funds are used internally to support the objectives of the Carl D. Perkins Career Technical Education Act.

(19) Workforce and Economic Development Division
Reason for Board Approval: Exceeds $100,000
Type of Agreement: Contract (WEDD/Carl D. Perkins Title IB / Outgoing Funds)
Contractor or Grantee: California Department of Corrections and Rehabilitation
Contract or Grant No.: R16-0044
Term: July 1, 2016 — June 30, 2017
Total Project Length: One Year
Amount of Agreement: Up to $600,000
Bid Process: Non-Competitive

Purpose: The Carl D. Perkins Career and Technical Education Act of 2006 requires a state mandated set-aside to serve individuals in state institutions, including state correctional institutions and other state institutions that serve individuals with disabilities. The amount must be equal to and not to exceed one percent of Carl D. Perkins funds received by the Chancellor’s Office. The Chancellor’s Office annually transfers Carl D. Perkins funds to the California Department of Corrections and Rehabilitation.

(20) Workforce and Economic Development Division
Reason for Board Approval: Exceeds $100,000
Type of Agreement: Grant (WEDD/Carl D. Perkins Title IB/Outgoing Funds)
Contractor or Grantee: Grossmont-Cuyamaca Community College District

       (3) With respect to consulting services, in excess of $50,000.

   The requirement for Board approval shall apply to any amendment of a contract which results in the original contract exceeding the specified limits, as well as the amendment of a contract where the amendment itself exceeds the specified limits. Under circumstances when the need to contract was not foreseeable, and when delaying approval of the contract until the next Board meeting would jeopardize the contract or frustrate its purpose, the Chancellor shall have the authority to enter into contracts in excess of the limits specified in this subsection. Before entering into such contracts, however, the Chancellor shall consult with the President of the Board.
   (c) In securing the approval of contracts by the Board pursuant to subsection (b), the Chancellor shall apply the following procedures:
       (1) In determining the nature, extent and need for any such contract, the Chancellor shall provide a summary of the Request for Proposal (RFP), Invitation for Bid (IFB), or other summary of the purpose and need for a contract to the Board of Governors prior to publicly releasing any such RFP or IFB, or prior to making any informal commitment to contract. The Chancellor may proceed with the release of the RFP, IFB, or other contract negotiations, unless the Board President, with or without the advice of any appropriate Board Committee designated by the President, directs the Chancellor to withhold action within a 10 day period from the date the summary is provided.
       (2) In developing language for such contracts, the Chancellor shall include a provision which allows any aggrieved bidder on an RFP or IFB to protest the awarding of a contract to the Chancellor. The Chancellor shall inform the Board of any such protests, including the results of such protests. This remedy shall be in addition to the bidder’s right to protest the matter to the Department of General Services.
       (3) The Chancellor shall ensure that each panel of evaluators who score proposals is made up of staff from more than one division in the Chancellor’s Office, including outside evaluators as appropriate; and the Chancellor shall take such other steps as necessary to ensure that evaluations and scoring are objective and fair.
       (4) In requesting approval of said contracts, the Chancellor shall, at the time of distributing each regular meeting agenda to the Board of Governors, include a summary of contracts for Board approval. The summary for each contract shall indicate: the purpose of the contract; the amount of the contract; the time for performance of the contract, including whether it was advertised as a multi-year contract; the number of proposals received or whether the contract is a sole source contract; the number of proposals which met the minimum score for cost opening; and the party awarded the contract.
The provisions of subparagraphs (1) through (3) above shall not apply to interagency agreements with other state agencies, and other agreements necessary for the agency to receive public funds.

(d) The authorization contained in subsection (a) includes agreements, leases, contracts, and other documents, including but not limited to: service agreements, insurance agreements, fiscal, budgetary, and personnel documents, travel requests, contracts for the purchase of apparatus, furniture, equipment, supplies and books, as well as contracts entered into as necessary to receive federal funds allocated to the California Community Colleges, all within the limits of fiscal ability and sound budgetary controls and subject to such policies as may be established by the Board. (EC § 70901(b)(5).)

319. Grants.

(a) Except as provided in subsection (b), whenever the power to enter into a grant is invested in the Board, or when, in the judgment of the Chancellor, a grant is expressly or impliedly authorized to fulfill responsibilities or authorities vested in the Office of the Chancellor, the Chancellor shall have the authority to enter into such grants.

(b) The Chancellor shall secure Board approval before entering into any grant:

(1) In excess of $100,000; or
(2) Over three years in duration; or
The requirement for Board approval shall apply to any amendment of a grant which results in the original grant exceeding the specified limits, as well as the amendment of a grant where the amendment itself exceeds the specified limits. Under circumstances when the need to enter into a grant was not foreseeable, and when delaying approval of the grant until the next Board meeting would jeopardize the grant or frustrate its purpose, the Chancellor shall have the authority to enter into grants in excess of the limits specified in this subsection. Before entering into such grants, however, the Chancellor shall consult with the President of the Board.

(c) Prior to submitting grants to the Board for approval pursuant to subsection (b), the Chancellor shall either:

(1) present to the Board for its review and approval an expenditure plan outlining the nature, extent and need for any such grants; or
(2) provide a summary of the Request for Application (RFA) or other summary of the purpose and need for a grant to the Board of Governors prior to publicly releasing any such RFA or prior to making any informal commitment to award a grant. The Chancellor may proceed with the release of the RFA unless the Board President, with or without the advice of any appropriate Board Committee designated by the President, directs the Chancellor to withhold action within a 10 day period from the date the summary is provided.

(d) All grants awarded by the Board of Governors or the Chancellor on or after January 1, 1996, shall be awarded through competitive processes or through allocation formulas reviewed and approved by the Board of Governors, except that:

(1) Grants may be awarded competitively within regions.
(2) Grants for regional or statewide coordination activities for the Extended Opportunity Programs and Services (EOPS), Disabled Students Programs and Services (DSPS), Matriculation, and Economic Development programs need not be competitively bid.
(3) Where there are conditions beyond the control of the Chancellor which limit competition, such as matching fund requirements or other agencies being required to select
grantees, the Chancellor, in consultation with the President of the Board and the Chairperson of the appropriate committee, shall have authority to award grants without competition.

(e) Panels evaluating or scoring grant proposals will include or be comprised of outside readers as appropriate and will be comprised so as to assure objectivity and prevent conflicts of interest. In the event that outside readers are not used, the evaluation panel shall be comprised of staff from more than one division in the Chancellor’s Office. The Chancellor shall ensure that readers are appropriately trained with respect to the process for review of grant applications.

(f) Grants for the performance of functions which are ongoing in nature will be awarded in cycles of between one and five years in length. In advertising a grant for an ongoing function, district personnel will be apprised of the length of the cycle and the funding anticipated to be available for the duration of the project; provided however, that nothing in this Section shall be construed to preclude subsequent adjustment of actual funding levels to reflect unforeseen circumstances. Districts shall be further informed that continuance of the grant will depend on year-to-year funding, and continued satisfactory performance. The Chancellor shall have the authority to exempt grants described in Subsection (d)(2) or those awarded under the Mathematics, Engineering, and Science Achievement (MESA) program, the Middle College High School program, or the Puente project from the duration limitations imposed by this paragraph.

(g) A district which, prior to January 1, 1996, has been awarded a grant on a non-competitive basis for the performance of an ongoing function may continue to be awarded that grant, at the discretion of the Chancellor, for a period of up to three additional fiscal years. Retention of the grant shall depend on continued availability of funds and satisfactory performance. At the conclusion of the term, the grant for the ongoing function shall be awarded on a competitive basis.

(h) To the extent that a grantee contracts with a private or public entity to perform certain parts of the grant, the grantee shall be required to disclose the intended purpose and amount of such subcontracting, shall agree to follow locally applicable competitive bidding processes in doing such subcontracting, and shall agree to name the subcontractors chosen.

(i) The procedures specified above shall not apply to grants which are distributed on an allocation formula basis which has been reviewed and approved by the Board of Governors.
