Definitions for Accreditation Status

ACCJC Accreditation Actions – The historical data provides five years of accreditation actions reported by ACCJC on behalf of the college. Accreditation actions are reported biannually, February and July. If a college has received an ACCJC Accreditation Sanction, then the Sanction will be posted for subsequent terms until ACCJC reports Sanction Removal.

ACCJC Policy Changes – The accreditation actions definitions offered in the historical data reflect those presented in ACCJC’s Policy on Commission Actions on Institutions reports from August 2004 through July 2015. After July 2015, ACCJC transitioned to new accreditation actions. The goals your college will identify this year will come from the actions presented in the 2015 Edition of ACCJC’s Policy on Commission Actions on Institutions. For more information, please refer to ACCJC’s Policy on Commission Actions on Institutions (See Pages 41-47).

Actions Status Codes – The abbreviated status codes below (initials) associated with each of the ACCJC actions are not officially used by ACCJC. The initials used in the Indicator Portal were developed by staff at the California Community Colleges Chancellor’s Office to help colleges identify their accreditation goals.

ACCJC Actions are defined below:

¹ ACCJC’s Policy on Commission Actions on Institutions does not officially offer names for their sanction removal actions. However, ACCJC’s biannual Newsletters and Commission Actions on Institutions reports designate colleges as either "Sanction Removed" or "Sanction Removed and Reaffirmed" to demonstrate when colleges had an accreditation sanction removed. Those sanction removal designations were adopted in this goals framework to help colleges identify accreditation goals.

3 Cf. footnote 1.

4 Pending Termination is not an official ACCJC accreditation action listed in the Policy on Commission Actions on Institutions; however, it has been used by ACCJC to indicate that a college remains fully accredited while their accreditation status is under review.

5 After July 2015, the Accreditation Termination action is no longer part of ACCJC’s Policy on Commission Actions on Institutions; however, this action will remain in the historical data, as it represents an action by ACCJC.

6 In July 2015, ACCJC made changes to their Policy on Commission Actions on Institutions, and among these changes were the new accreditation actions. This is one of ACCJC’s new actions.
