Article One. General Provisions and Definitions

§ 56000. Scope of Chapter.
This subchapter applies to community college districts offering academic adjustments, auxiliary aids, services and/or instruction through Disabled Student Programs and Services (DSPS), on and/or off campus, to students with disabilities pursuant to Education Code sections 67310-I3 and 84850.
Programs receiving funds allocated pursuant to Education Code section 84850 shall meet the requirements of this subchapter. Any academic adjustments, auxiliary aids, services and/or instruction funded, in whole or in part, under the authority of this subchapter must:

(a) not duplicate services or instruction which are otherwise available to all students;
(b) be directly related to the educational limitations of the verified disabilities of the students to be served;
(c) be directly related to the students’ participation in the educational process;
(d) promote the maximum independence and integration of students with disabilities;
(e) not include any change to curriculum or course of study that is so significant that it alters the required objectives or content of the curriculum in the approved course outline, thereby causing a fundamental alteration; and
(f) support participation of students with disabilities in educational activities consistent with the mission of the community colleges as set forth in Education Code section 66010.4.

§ 56001. Definitions.
For purposes of this subchapter the following definitions shall apply:
(a) Academic adjustments, auxiliary aids, and services: Academic adjustments, auxiliary aids and services, as used in this subchapter are any one or more of the services provided to DSPS students described in Section 56026 and/or educational assistance class instruction authorized under Section 56028.
(b) Fundamental Alteration: A fundamental alteration means any change to a course curriculum or course of study that is so significant that it alters the required objectives or content of the curriculum in the approved course outline of the course.
(c) Educational Limitation: An educational limitation means a disability related functional limitation in the educational setting. This occurs when the limitation prevents the student from having full access to and equal participation in the educational process including classes, activities, or services offered by the college to students without disabilities, without specific additional academic adjustments, auxiliary aids, services and/or instruction.

(d) Educational Assistance Classes: educational assistance classes are instructional activities offered consistent with the provisions of Section 56000 designed to address the educational limitations of students with disabilities who are admitted to the institution pursuant to Educational Code Sections 76000 et seq. and who would be unable to substantially benefit from general college classes even with appropriate academic adjustments, auxiliary aids and services. This term replaces Special Classes, as used throughout Division 6 of Title 5.

(e) Certificated staff: Certificated staff members are those who meet the minimum qualifications set forth in Section 53414 and 53420, Minimum Qualifications for Disabled Student Programs and Services Employees.

(f) Academic Accommodation Plan: The Academic Accommodation Plan (AAP) is a record of the interactive process between each DSPS student and a DSPS professional staff member regarding the academic adjustments, auxiliary aids, services and/or instruction necessary to provide the student equal access to the educational process.

§ 56002. Student with a Disability.
A “student with a disability” is a person enrolled at a community college who has a verified disability which limits one or more major life activities, as defined in 28 C.F.R. 35.104 resulting in an educational limitation as defined in section 56001. For purposes of reporting to the Chancellor under Section 56030, students with disabilities shall be reported in the categories described in Sections 56032-44.

§ 56006. Determination of Eligibility.
(a) In order to be eligible for academic adjustments, auxiliary aids, services and/or instruction authorized under this chapter, a student must have a disability which is verified pursuant to subdivision (b) which results in an educational limitation identified pursuant to subdivision (c) of this section.
(b) The existence of a disability may be verified, using procedures prescribed by the Chancellor, by one of the following means:

(1) observation by certificated DSPS staff;
(2) assessment by certificated DSPS staff; or
(3) review of documentation by certificated staff provided by appropriate agencies or certified or licensed professionals outside of DSPS.

(c) The student’s educational limitations must be identified by certificated staff and described in the Academic Accommodation Plan (AAP) required pursuant to Section 56022. Eligibility for each service provided must be directly related to an educational limitation consistent with Section 56000(b) and Section 56001.

§ 56008. Student Rights.
(a) Participation by students with disabilities in Disabled Student Programs and Services shall be entirely voluntary.
(b) Receiving academic adjustments, auxiliary aids, services and/or instruction authorized under this subchapter shall not preclude a student from also participating in any other course, program or activity offered by the college.
(c) All records maintained by DSPS personnel pertaining to students with disabilities shall be protected from disclosure and shall be subject to all other requirements for handling of student records as provided in Subchapter 6 (commencing with Section 54600) of Chapter 5 of this Division.

§ 56010. Student Responsibilities.

(1) comply with the student code of conduct adopted by the college and all other applicable statutes and regulations related to student conduct;
(2) be responsible in their use of DSPS services and adhere to written service provision policies adopted by DSPS; and
(3) when enrolled in educational assistance classes, make measurable progress toward the goals developed for the course as established in the student’s Academic Accommodation Plan (AAP) or,
(4) when the student is enrolled in general college classes, meet academic standards established by the college, as applied to all students, pursuant to Subchapter 6 (commencing with Section 55500) of Chapter 6 of this Division.

(b) A district may adopt a written policy providing for the suspension or termination of DSPS services where a student fails to comply with subdivisions (a)(2), (a)(3) or (a)(4) of this section. Such policies shall provide for written notice to the student prior to the suspension or termination and shall afford the student an opportunity to appeal the decision. Each student shall be given a copy of this policy upon first applying for services from DSPS.

Article Two. DSPS Services

§ 56020. Availability of Services.
Each community college district receiving funds pursuant to this subchapter shall employ reasonable means to inform all students and staff about the availability of academic adjustments, auxiliary aids, services and/or instruction.

§ 56022. Academic Accommodation Plan (AAP).
Each college shall generate an Academic Accommodation Plan (AAP) and maintain a record of the interactive process between each DSPS student and a DSPS certificated staff member regarding the academic adjustments, auxiliary aids, services and/or instruction necessary to provide the student equal access to the educational process, given the educational limitations resulting from the student’s disabilities. In addition, when a student is enrolled in educational assistance classes the AAP shall define measurable progress toward the goals of each class.

§ 56026. Academic Adjustments, Auxiliary Aids and Services.
Academic Adjustments, Auxiliary Aids and services are those specialized aids, devices and/or services available to students with disabilities as defined in Section 56002, which are in addition to the general services provided to all students. Such services enable students to participate in general activities, programs and classes offered by the college.
§ 56027. Academic Adjustments.
Each community college district receiving funding pursuant to this subchapter shall establish a
policy and procedure for responding to, in a timely manner consistent with Section 53203 of
this division, requests involving academic adjustments. This procedure shall provide for an
individualized review of each request. The procedure shall also permit the Section 504/ADA
Coordinator/Compliance Officer, or other designated district official with knowledge of
accommodation requirements, to make an interim decision pending a final resolution.

67310-67312 and 84850, Education Code.

§ 56028. Educational Assistance Class Instruction.
Educational assistance classes are instructional activities offered consistent with the provisions
of Subchapter 1 of Chapter 7 of this Division, and designed to address the educational
limitations of students with disabilities who are admitted to the institution pursuant to
Educational Code Sections 76000 et seq. and who would be unable to substantially benefit from
general college classes even with appropriate academic adjustments, auxiliary aids and
services. Such classes generate revenue based on the number of full-time equivalent students
(FTES) enrolled in the classes.

Such classes shall be open to enrollment of students who do not have disabilities, however, to
qualify as an educational assistance class, a majority of those enrolled in the class must be
students with disabilities.

    Division.

(c) Utilize curriculum, instructional methods, or materials specifically designed to address
    the educational limitations of students with disabilities. Curriculum committees
    responsible for reviewing and/or recommending educational assistance class offerings
    shall have or obtain the expertise appropriate for determining whether the
    requirements of this section are satisfied; and
(d) Utilize student/instructor ratios determined to be appropriate by the District given the educational limitations of the students with disabilities enrolled in each class. Class size should not be so large as to impede measurable progress or to endanger the well-being and safety of students or staff.

§ 56029. Educational Assistance Class Course Repetition.
Repetition of educational assistance classes is subject to the provisions of article 4 (commencing with section 55040) of Subchapter 1 of Chapter 6 and Section 58161 of this Division. However, districts are authorized to permit additional repetitions of credit or noncredit educational assistance classes to provide an accommodation to a student’s educational limitations pursuant to state and federal nondiscrimination laws. Districts shall develop policies and procedures providing for repetition under the following circumstances:

(a) When continuing success of the student in other general and/or educational assistance classes is dependent on additional repetitions of a specific educational assistance class;

(b) When additional repetitions of a specific educational assistance class are essential to completing a student’s preparation for enrollment into other general or educational assistance classes; or

(c) When the student has an Academic Accommodation Plan which involves a goal other than completion of the educational assistance class in question and repetition of the course will further achievement of that goal.

Article Three. Reports, Plans and Program Requirements

§ 56030. Reporting Requirements

The dysfunction is not explained by lack of educational opportunity, lack of proficiency in the language of instruction, or other non-neurological factors, and this dysfunction limits the student’s ability to access the educational process. To be categorized as a student with a learning disability a student must meet the following criteria through psycho-educational assessment verified by a qualified specialist certified to assess learning disabilities:

(a) Average to above-average intellectual ability; and

(b) Statistically significant processing deficit(s); and/or

(c) Statistically significant aptitude-achievement discrepancies.

§ 56037. Acquired Brain Injury (ABI).

A community college district will be deemed to have “provided academic adjustments, auxiliary aids, services and/or instruction” to a student with a disability, as required by Section 56060, if the student is enrolled in an educational assistance class or is enrolled in a general class and received one or more service contacts each semester the student attends.
